DETAILED ACTION

Claims 1-12, 17, 19, and 22-24 have been canceled. Therefore, **claims 13 -16, 18, 20 and 21** are currently pending in this application. **Claim 21** is withdrawn from further consideration by the Examiner, 37 C.F.R. § 1.142(b), as being drawn to a non-elected invention. The withdrawn subject matter is patentably distinct from the elected subject matter as it differs in structure and element and would require separate search considerations. In addition, a reference, which anticipates one group, would not render obvious the other.

RCE

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on **June 08, 2010** has been entered.

Rejoinder

1. Pursuant to the procedures set forth in MPEP § 821.04(B), **claim 21** directed to the process of using an allowable product, previously withdrawn from consideration as a result of a restriction requirement, is hereby rejoined and fully examined for patentability under 37 CFR 1.104.

Because all claims previously withdrawn from consideration under 37 CFR 1.142 have been rejoined, **the restriction requirement as set forth in the Office action**

mailed on 05/12/2009 is hereby withdrawn. In view of the withdrawal of the restriction requirement as to the rejoined inventions, applicant(s) are advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application. Once the restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

REASONS FOR ALLOWANCE

The argument and remarks filed on **June 08, 2010** were fully considered and entered into the application. In regards to 103 rejections of claims **13-16, 18 and 20** are rejected as being unpatentable over German Publication No. DE 10136065, Applicants argument and Declaration was found to be persuasive. Therefore, the 103 rejection is hereby withdrawn.

In regards to **obviousness-type double patenting rejection** of claims **13-17 and 20 over claims 22-35, 37 and 46** of co-pending **U.S. Patent Application No. US 20040204470 (now U.S. Patent No. 7,538,073)**, Applicants argument and Declaration was found to be persuasive. Therefore, the double patenting rejection is hereby withdrawn. **Claims 13 -16, 18, 20 and 21** are allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Kamal A Saeed whose telephone number is (571) 272-0705. The examiner can normally be reached on M-T 7:00 AM- 5:30 PM.
